Quick Start Guide

1. Apply the DVT calf wrap(s) to your leg(s) as shown.

2. Plug the hose(s) into the ports by depressing the metal thumb tabs on the port at the bottom of the machine. Plug the AC adapter into the BATTERY CHARGER INPUT.

3. Turn the machine on by pressing and holding the POWER ON/OFF button until the lights are illuminated and the display says “ON.”

4. IF YOU HAVE BEEN PRESCRIBED A JOINT WRAP: Press “AUX ON” to activate the AUX port. Press and release “AUX ON” to toggle through pressure settings.
